

Brantford and District & Haldimand Norfolk Supervised Access

*Dedicated to providing a safe setting
for healthy parent/child interaction*

WHAT IS SUPERVISED ACCESS?

When parents separate, parenting time with children may be a problem. For various reasons the residential parent may have concerns regarding the access parent having unsupervised visits with their children. As well, difficulties sometimes arise between the parents at the time of exchange of the children.

The Supervised Access Centre offers separated families a way to deal with some of these problems. The Centre also provides a large, child friendly play centre where visits and exchanges can take place under the supervision of trained staff and volunteers.
